# Vogelberg

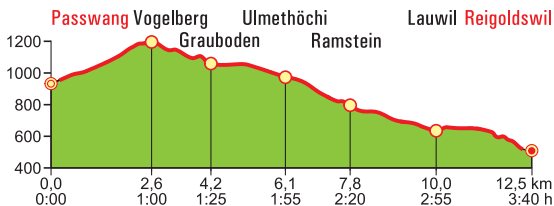

From the Passwang to Reigoldswil

## Itinerary:

Passwang (930) – Vogelberg (1203) – Grauboden (1058)  
– Ulmethöchi (972) – Ramstein (789) – Lauwil (633) –  
Reigoldswil (509)

The highest peak in the area, the Vogelberg (1203) offers a beautiful 360° view, maybe with a sea of fog covering the Mittelland. When passing the Ulmethöchi we might see migrating birds on their journey to the wintering grounds. The hike down to Reigoldswil illustrates the remoteness of the Baselbieter Jura.
